About the Developer

Jambia International Homes

Jambia International Homes is a forward-thinking developer creating purposeful homes for African buyers and the diaspora. Built on values of dignity, ownership, and connection, Jambia builds for legacy, not just lifestyle.

Rooted in Culture. Built for the Future.

Jambia International Homes' tagline reflects their commitment to developing properties that are culturally grounded yet modern in their approach.

Values-Driven Development

Jambia's development focus is not profit-first, but people-first, with a mission to create homes that foster a sense of belonging and long-term ownership.

Cultural Relevance

Jambia designs their properties with cultural relevance in mind, ensuring the homes resonate with the local context and the needs of the diaspora community.

The Jambia Collection - Where Legacy Meets Lifestyle

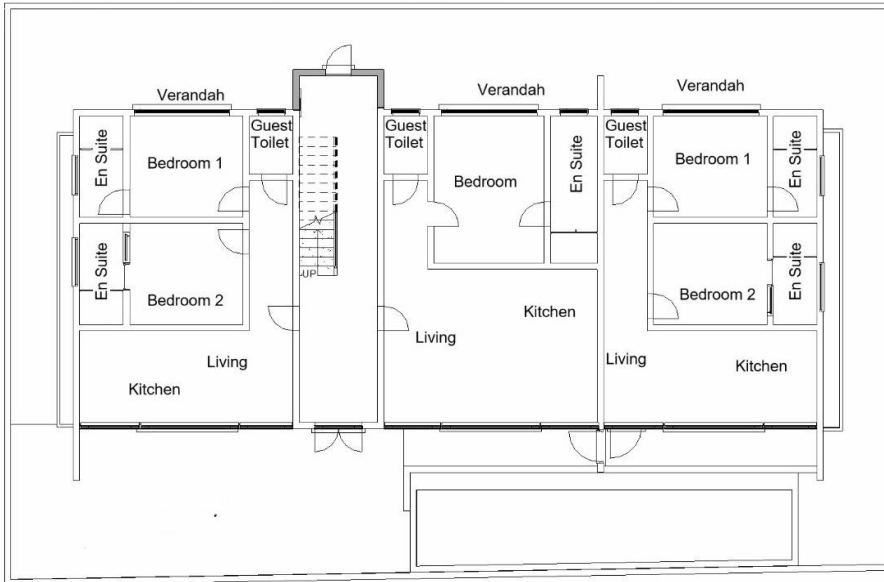

Introducing The Jambia Collection — a curated selection of nine distinctive residences inspired by the enduring strength, beauty, and vision of African heritage. Each apartment is more than a home; it is a tribute to a name, a memory, a legacy.

Set in the heart of Kololi, these residences combine thoughtful design with cultural resonance. From the bold ideals of Garvey and Sankara to the soulful rhythm of Jollof and Zion, every name reflects a story that lives within the walls of your new home.

The Jambia Collection invites you to be part of something timeless — a lifestyle that honours where we come from, and where we are destined to go.

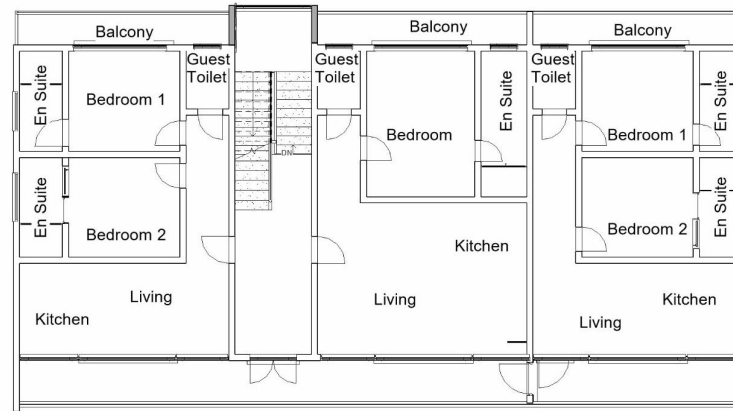

Floor Plans

The development comprises a total of nine apartments, including six spacious two-bedroom units and three well-designed one-bedroom units — each with a generous floor plan measuring 6.8m by 12.0m."

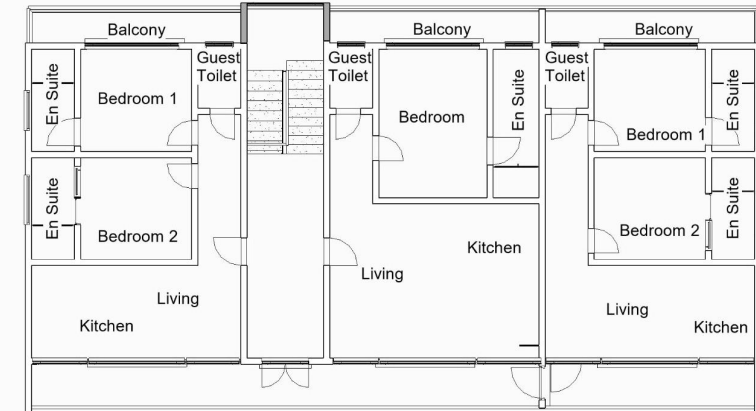

Ground Floor Plan

The ground floor plan features verandahs for each unit, providing outdoor living spaces.

First Floor Plan

The first floor plan includes balconies for the upper-level units, enhancing the sense of natural light and privacy.

Second Floor Plan

The second floor plan continues the balcony design, ensuring a consistent flow of natural light and ventilation throughout the units.
